## "Hell To Pay"

This is the end of everything  
Everything there ever was  
Low self-esteem is no excuse  
You were destined to lose

There was a time when we were friends  
Now even the thought just offends  
How many options did you have  
Before you screwed your friends so bad?

You lie, you cheat  
You always betray  
You try, you cry  
There's hell to pay

When it rains with you, it pours  
Still recovering from all the lows  
Except no mercy, there shall be none  
You had your moment, you had your fun

You lie, you cheat  
You always betray  
You try, you cry  
There's hell to pay

Too many things still unsaid  
More blood to be bled  
Disappeared without a trace  
Oblivion is your right place  
There's hell to pay

Who bought your car or your house?  
Why are you hiding like a mouse?  
You and your lawyers have your lies  
But in the end where is your life?
