Rising he who was subdued  
committing acts of protest  
their speech of love is misconstrued  
he will put it to the test

Rejecting rule that's obsolete  
their influence won't last  
he won't accept to taste defeat  
their power is part of the past

Contradiction, false disguise  
abusing faith of man  
he has now seen through their lies  
ignores that he is banned

Now... stop looking to the skies  
no entity of light will help you  
now... who created who?  
Did man create god?

No palace in heaven  
no life for eternity  
these medieval beliefs  
can't reign eternally?  
the men in power  
suffocating wills in a society conformed  
in their ivory tower  
arranging master plan for our society deformed

Rise now you who were suppressed  
think with your own minds  
don't let yourselves be oppressed  
your own path is what you must find

Religion is but a means of manipulating people  
it's time we face it, we are but animals with brains  
stuck on this rotating globe of space  
life is but a random outcome to biological processes  
as is the human race...
