I just can't live without you
I have to dream instead
I have many i can have
But none of them are you

I just can't live without you

I try to make do with others
But none are you
What do you expect me to do??
Where are you??
Out with those fat, coke head chicks
With a small @\$
Well guess what
Ypur gonna miss me when you can't have me
But till then,

I can't live without you

If i can't have you,
What's the point of being here??
You tell me cuz i'm just dying to know
You make me sick and suffer
But i have to have you

I just can't live without you

Without you
Without you
Without you
Without you

I just can't live without you
