Could it be tha way she yastes  
That puts me in a higher place  
The smile on my face when I'm around her...?

Her scent that hypnotizes me  
My center of reality  
She is everything and more  
My hear has never been so sure

Through her eyes she makes me see  
My center of reality  
I can't be without her  
My life is about her

(Chorus)  
How she makes me feel  
The angel that guides me  
The fire inside me  
She's like a dream surreal  
Everyday,another way of  
How she makes me feel

Everyday I fight the fight  
She somehow always makes it right  
She saves me from the crazy life  
Of runnin' round runnin' round

I've been through every open door  
But it just makes me want her more  
It's easy to see  
She can find the best in me

I lay here beside her at night  
And I feel her inside every world that I write to tell her...

(Chorus)

She walks in the room just her look makes  
My heart starts to pound  
I start to tremble  
She speaks to me without a sound

As she gets nearer, my future seems clearer  
Somehow  
She gives me nothing to fear

(Chorus)
