Every time I cried I cried alone  
I loved all alone  
I could see the things I need  
But will it ever happen to me  
And now there's only the one thing  
That I can believe  
And it's happened to me  
It was you and your love  
That wiped the tears from my eyes  
And now I realize  
Chorus:  
I will not cry  
I will not cry any more  
What are you doing this for  
I will not cry anymore  
No more, no more, no more  
I want to tell you  
We were meant to be  
'cause I need you here with me  
I'm so afraid to fall in love  
Afraid of loving you  
And now I know there's one thing left to do  
To believe in you  
Only you and your love  
Could wipe the tears from my eyes  
And now I realize  
Chorus:
