Can you save me when I call for help
Can you help me when it was needed
When love is there why don't you take it
When feelings there are you scared
When I kissed your lips you seemed to squirm
Like discomfort
But why
I wanna know
What did I do wrong
Was it a pain inside?
Or the nervousness of our first kiss
Will you tell me?
Was it me?
Cuz I wanna know I wanna know
Was it him?
The child?
The light of my life?
The angel from the heavens above,
The love that we would share together
Down and away
For good?
Or just for a while till your ready for me
But I wanna know
I wanna know who sent you
I wanna know why did I let you go why did you let me
go
Was it me
Or you
Was it the truth of the light of my life the child
How could such an innocent child ruin everything
How could it be his fault
Maybe it's just mine
But I wanna know
I wanna know the truth not a lie not a million reasons
why
Cuz I only ever loved
And I only ever cared
I wanna know
Was it me I wanna know
The secret you kept from me
Do you love me?

I wanna know
Do you love me
That's all I wanna know
I wanna know
