Can't fight the feeling
It's time for truth or dare now
Because the fire is growing
All lines are open
It's time to check it out now
To get where I'll be going
I'll never give in
I still believe in
Life is something special
No holdin' back and I'll take my chances
My piece of mind is somewhere out there
No more waiting gonna spread my wings
Let me just fly
Let me just fly
Let me just fly
So high off the ground
Let me just fly
Let me just fly
Let me just fly
Cause you can't hold me down
The voices tell me
Do what you think is right now
I feel the temperature rising
My heart can hear it
A three-dimensional sound
On the distant horizon
Things I don't know
Outside my window
I want to see them clearly
I'll leave the light on
I don't know how long
I'll be traveling so much faster
Who's to know when
I'll be back to see you again
Let me just fly
Let me just fly
Let me just fly
So high off the ground
Let me just fly
Let me just fly
Let me just fly

Cause you can't hold me down
Let me just fly
Let me just fly
Let me just fly
Cause you can't hold me down
Yeah, cause I'll never turn away
From the promises I made inside
Yeah, even when the skies are grey
I just take a leap of faith and fly
So let me just fly
Let me just fly
Let me just fly
So high off the ground
Let me just fly
Let me just fly
Let me just fly
Cause you can't hold me down
Let me just fly
Let me just fly
Let me just fly
So high off the ground
Let me just fly
Let me just fly
Let me just fly
Cause you can't hold me down
Let me just fly
Let me just fly
Let me just fly
Cause you can't hold me down
