I am just over your shoulder
Babe,babe
You make me feel colder, by turing away
But just stop for a second
Im asking you a question
About wha you are yea yea
(you know, you know ,you know,why)

I'm about to change your pretty mind
I'm about to change you pretty life

You can cause your eyes but do you
Taste my breath
Hear my voice drowning you
Feel my skin on your back
Heck i see you falling
And on your knees your crawling
Back back to me
(you know, you know ,you know,why)

I'm about to change your pretty mind
I'm about to change you pretty life

Are you ready
There's not stopping time
Cause, cause cause cause

You could be the reason i loved
You could be the reason i loved
You could be the reason i cry
You could you could you could you could

I'm about to change your pretty mind
I'm about to change you pretty life

I can see the fear that's in your eyes
Are you ready there's no stopping time

You could be the reason i loved
You could be the reason i cry
You could you could you could you could

Be the reason why
