How am I supposed to wait  
When the nights last forever  
When am I supposed to stop  
Missing you  
When I know I'll never

Time's moving slowly  
I'm standing still  
Come back and say that you will

Chorus -- Put your arms around me  
You're the one and only  
I'll be here if you let your heart show the way  
Don't lay down beside me  
Put your arms around me  
I'll be here when the dark meets the day

You tell me not to count the days  
And I don't  
I'm down to hours  
No matter what you tell me on the phone  
I wanna see it in your eyes ( in your eyes )

I can't put my arms around a photograph  
From a distance don't laugh

Chorus -- Put your arms around me  
You're the one and only  
I'll be here if you let your heart show the way  
Don't lay down beside me  
Put your arms around me  
I'll be here when the dark meets the day

Only you can revive me  
And save me from a broken heart  
I wanna have you beside me  
Together make a brand new start

Chorus -- Put your arms around me  
You're the one and only  
I'll be here if you let your heart show the way

Don't lay down beside me  
Put your arms around me  
I'll be here when the dark meets the day

Chorus -- Put your arms around me  
Your the one and only  
I'll be here if you let your heart show the way  
Don't lay down beside me  
Put your arms around me  
I'll be here when the dark meets the day

Chorus -- Put your arms around me  
Your the one and only  
I'll be here if you let your heart show the way  
Don't lay down beside me  
Put your arms around me  
I'll be here when the dark meets the day
