Well I remember when we were in love  
Inseperable my baby like a hand and glove  
But things have changed and you're no longer there  
And all you have to know girl is that I will take care

Put a little lovin in your heart  
Cause that's where love will have to start  
Put a little faith in your mind  
Cause every little thing will be just fine

And I remember when we hold hands  
We take a walk on the beach girl and write our names  
in the sand  
But things have changed and you're no longer there  
And all you have to know girl is that I will take care

You didn't have to leave me without a say and now I'm  
left here  
all alone and I'm still praying

Verse 1  
Chorus

Love me, love me (won't you love me like I love you)  
Love me, love me  
Love me, love me  
Love me, love me
