(intro)

Alright alright baby

Whooo...Alright

You said that you was leaving
Now why would you want to that for baby
Cause if it is your feelings then I will understand
Well say before you leave don't let this be the end
Cause before lovers you and I where friends
So

(chores)

Put some time back on the clock
Cause I don't want your love to stop
Or if did what would I do
I will still be in love with you
And even though the days go by
I will always sit and always wonder why
Our love did not shine

Or baby I just have to (try)
Or baby cause I don't know (why)
And baby cause I'm feeling (Blue)
Love that is so true
And if by chance your love will come again Ohh baby
I'll be there for you yeah
So lets

(chores)

Whoo...whoo...
You and me to stay
Ohh..Ohhh Ohh...
I'm in love
Whooo

You said that you was leaving
Now why would you want to that for baby
Cause if it is your feelings then I will understand
Well say before you leave don't let this be the end
Cause before lovers you and I where friends

So

(chores)

Try all over baby

I try all over you

Try all over baby

It's try all over you

Who...

Alright

You said that faith would hold me through

Alright

You said that faith would hold me through

You said "...whoo..."

I'm talking to you baby
