Well no holes barred, watch your toes
Look out baby, everything goes
Everything goes, well, goodness don't know
Everything goes

Yeah, you got your g strings 'n' gin
And nylon hoes, chicken pot pie, everything goes
Everything goes, no, no goodness don't know
Everything goes, let's go everything

Yeah, women swimmin' in chilli down at smokey joe's
Hopped up hotheads, everything goes
Everything goes, well, well, goodness don't know
Everything goes

Yeah well, Debbie had a donkey and two old crows
I said, "Look out baby, everything goes"
Everything goes, yeah, goodness don't know
Everything goes

Well, ya can't get ahead by who ya know
A kiss kiss, bang, bang, everything goes
Everything goes, yeah, well, goodness don't know
Everything goes

Well, let's go, let's go, let's go, let's go
Let's go, let's go, let's go, let's go
Let's go, let's go, let's go, let's go
Let's go, go, go, go, go, let's go, goodness don't know
Everything goes
