Lyrics I Was A Teenage Werewolf
(Kristy Wallace a.k.a. Poison Ivy Rorschach /
Erick Purkhiser a.k.a. Lux Interior)
Album: Songs The Lord Taught Us

I was a teenage werewolf
Braces on my fangs
I was a teenage werewolf
And no one even said thanks
And no one made me stop

I had a two-minute mile
I had to blow my top
In the teen full moon
No one could make me stop
No one could make me stop

A teenage werewolf
A pair of little boys
A teenage girlfriend
Got her lot of scars
Somebody please make me stop
Ohhh pleaseâ€¦!

You know, I have puberty rights
And I have puberty wrongs
No one understood me
All my teeth were so long
And no one made me stop

A Midwest monster
Of the highest grade
All my teachers thought
It was growing pains, oh no no
Somebody stop this pain, ohhhâ€¦!
