Well the doctor pulled me out and smacked me in the  
can

Wiped me off took a look and said, "It's a man"  
Ain't no figuring me baby that's a pretty sure bet  
Better hold on tight baby 'cause I ain't a comin' yet  
I'm the maddest road rattler that you ever done met

Well I'm a gear mashin' hot rod, it thing hard-on  
Yeah, I'm a full blown hopped up, it thing hard-on  
It thing hard-on, it thing hard-on

Well if I had a brain, I'd be dangerous for sure  
But the way it looks now there's no immediate concern  
There's a couple of things baby and I guess I don't  
need to know

I got class up the ass and I got a little dough  
Fake eyelashes and a carload o'go

Well I'm a full tilt non-stop, it thing hard-on  
Yeah, I'm a git gone hotshot, it thing hard-on  
It thing hard-on, it thing hard-on  
It thing hard-on

Ain't no figuring me baby that's a pretty sure bet  
Better hold on tight baby 'cause I ain't a comin' yet  
I'm the maddest road rattler that you ever done met

Well, I'm a gear mashin' hot rod, it thing hard-on  
Yeah, yeah, I'm a full blown hopped up, it thing hard-on  
Yeah, I'm a full tilt non-stop it thing hard-on

Yeah, I'm a git gone hotshot, it thing hard-on  
Yeah, I'm a it thing hard-on, it thing hard-on  
It thing hard-on

It thing hard-on  
It thing hard-on
