Ooh, Queen of pain, Queen of pain  
You got me hanging from a chain  
Queen of pain, Queen of pain  
I'm bad and I know I'm to blame  
Queen of pain, Queen of pain  
These marks will be hard to explain

Queen of pain, Queen of pain  
Ooh, I love your metal bra that points  
Queen of pain, Queen of pain  
Your block and tackle exploits  
Queen of pain, Queen of pain  
Don't dislocate that socket joint

Queen of pain, Queen of pain  
Ooh, you look sweet in that garter belt  
Queen of pain, Queen of pain  
Give me one even harder belt  
Queen of pain, Queen of pain  
Hmm, I think that's gonna leave a welt

Queen of pain, Queen of pain  
Aah, you got me hanging in from a chain  
Queen of pain, Queen of pain  
Oh, please be careful with your aim now  
Queen of pain, Queen of pain  
What will I use to clean that stain?

Queen of pain, Queen of pain  
Ooh, this is a strain up on this crane  
Queen of pain, Queen of pain  
I'm spinnin' like a weather vane  
Queen of pain, Queen of pain  
What you gonna do with that cane?
