"The Strangeness in Me"

When you got the blues
Who do you tell them to ?
When you're all alone, what do you want to do ?
Do you want to die
Or is it the strangeness in me ?

When your heart is sad do you not want to die ?
When your baby's gone do you dare the breeze of sigh
Do you want to weep
Or is it the strangeness in me ?

I've come and said goodbye
I won't be seeing you no more
Already I have tried
I stopped when I was on the floor
Should I try to leave
Or bring back the strangeness in me ?
