Hummmmmmmmm  
You trapped my heart  
He never thought you would  
You trapped my heart you know it feels so good  
You trapped my love  
Oh I adore you so  
Please hold me close  
And never let me go  
I never would be able to escape your charms  
But baby baby who wants to  
I'm so happy in your arms  
Oh I know that you'll always be true  
Because I have you trapped with me too  
Oh let's go !  
I never would be able to escape your charms  
But baby baby who wants to  
I'm so happy in your arms  
Oh I know that you've always be true  
Because I've got you trapped with me too  
Yeaaaaaaaah
