

## Naumachia "Act Of Renunciation"

Visit "[Act Of Renunciation](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I am taking a stand now  
You will hear me

I refuse to do anything with this world  
I am becoming something now

You all are just footprints  
On my way to becoming the apex of creation

I have sinned against your humanity  
In pursuit of insatiable indulgence  
Shattered your faith and violated your laws  
I want this world to end  
I want the circle complete

Stars are breathing down on me  
I can see the curve of the Earth  
I will shade the Sun with my wings  
Unleash winds that blow insanity

When I flutter my wings  
This world will be gone
