Just sit yourself down friend
Pull up a chair friend
There aint nobody here friend
But the people you need

Roll yourself a joint friend
Empty your head friend
Make yourself at home friend
This is where you belong

Chorus:

Put your feet up on the fire
If it makes you feel much better
Have a glass of homegrown wine
Dont you think it tastes fine

Tear you away friend
On a planet to space friend
Faster than you can think friend
Youll be there before you know
