She was a wall street celebrity  
With upward mobility  
Walked and talked like a man  
But that was o.k. by me  
Two bit losers can never be choosers  
No nit pickin kickin the can

Livin in the lap  
Livin in the lap of luxury

Seventeen self abusals  
Got me twenty blind, flat refusals  
While she's dressin all in white  
Im gettin set up for my life  
Hard work never stopped the dance  
But provin it just aint worth the chance

Livin in the lap  
Livin in the lap of luxury

Everythings alrighty by me  
With risin credibility  
Im leavin a mark with my indelability  
Shes earnin the money  
Im servin the honey  
Bring it on home to the hive---no jive

Livin in the lap  
Livin in the lap of luxury
