Do you want total war? Yes we want total war!  
Do you want fucking war? Yes we want fucking war!

November 1939, eastern front line  
Machine gun fire, defending our pride  
Four months of hell, thousands of bombs fell  
Antaa tulla tãnne vaan, SUOMI FINLAND PERKELE!  
PERKELE!

[CHORUS:]  
WAR - Winter war  
WAR - Bowe to no one  
WAR - Winter war  
WAR - Kill them all

Russia beaten up, over 200000 communists dead  
If they want a new war, this time will kill them all

[CHORUS]
