[Verse 1:]

Nights full of fears, eyes full of tears  
Cus u been hearin the same lies for 5 years.  
Fresh out of high school he pursued his career  
And u played the house wife roll for dude and his kids  
But now u can't get a break no matter how hard u try,  
Your life's on the line everytime u start up the ride  
Cus u never got ur L's but its hard not to drive  
When ur baby got a cold and the car is outside  
Plus the hospital is far and ur dude ran out on ya  
Just because he said that u had a mouth on ya,  
Becus u would scream and holla  
when he walk up in the room with maybeline up on his  
collar  
And he didn't even bother to consider his child  
He said he'd always be around but what's so different  
now?  
You stressin now cause u can figure it out  
But keep ur head in the clouds girl  
continue to smile girl  
Cus baby u are a

[Chorus:]

Black angel, Oh baby you are so fly  
Black angel. Girl don't let him hold you down  
Get up and just spread your wings and fly  
Black angel

[Verse 2:]

He swept u off your feet when u met it was love at first  
sight  
He didn't even curse, said he was the Church type  
Was almost Mr. Right until ur first fight  
And u found out he was worse than ike  
Cus he hit you in the face so hard that I hurt to bite  
Now your uncertain of this person you liked  
But you keep making excuses for him being abusive  
cause you want it to work this time  
So you convince your mind that it fine  
But in time your gonna find  
That real love aint defined with violence  
And if you're crying every night

just cause some guy decided its ahhite  
To hit you in the eye then its time  
That you learn from the mistakes  
of those that chose to stay  
Cause most of em are gone today  
And there's a gang of sistas  
that would probably still be with us  
If they would've just flown away Ne-yo gone and sang

[Chorus x 2:]

(you're fly)

Black angel, Oh baby you are so fly  
Black angel. Girl don't let him hold you down  
Get up and just spread your wings and fly  
Black angel

[Bridge:]

Babygirl stop depending on your man for love  
And start depending on the man above  
Babygirl stop depending on your man for love  
And start depending on the man above  
Babygirl stop depending on your man for love  
And start depending on the man above

[Chorus:]

Black angel, Oh baby you are so fly  
Black angel. Girl don't let him hold you down  
Get up and just spread your wings and fly  
Black angel
