Yes, it was a beautiful day  
It's gone be a beautiful night  
Break out the champagne  
Everybody get a glass  
Let's start it off sexy  
What do you say?

Uh, and all the ladies say (Uh-huh)  
Uh, and all the ladies say (Uh-huh)  
Think I like that  
Uh, and all the ladies say (Uh-huh)

Welcome to the champagne life  
Where trouble is a bubble in a champagne glass  
Dreams and reality are one and the same  
And we gone do it like this (Oh)

Got an addiction for life and this living  
Like everyday's my birthday, know what I'm getting  
And reserved for top notch that's where I'm sitting  
Me and my friends and found 6 Miss Independents  
(Independents)  
And my attitude's so chill and so breezy (breezy)  
My designer suit, I make this look easy (easy)  
Sexy baby, don't you dare act like you don't see me  
Baby, I know you see me

It's all about them fast car nights and them big boat  
days  
Living this champagne life, everything's okay  
Let's toast it up (Wooh)  
Let's toast it up (Wooh)

Said we play all night and we play all day  
Living this champagne life, everything's okay  
Let's toast it up (Whoo)  
Baby, let's toast it up (Whoo)  
Oh, champagne life

Got penthouse property on cloud nine (Oh)  
I got the sun jealous 'cause the way I shine (Oh)  
And reserved for time 'cause that's how I do mine

Nice meal and a good wine, definition of a good time  
I'm living out my dreams, watching them come true  
(come true)  
Baby, I'm a boss, I don't know what they do (they do)  
You've put down the ride, come on and I'll take you  
I know you want me to take you

So if it's all about them fast car nights and them big  
boat days  
Living this champagne life, everything's okay  
Let's toast it up (Whoo)  
Everybody, let's toast it up (Whoo)

Said because we play all night and we play all day  
Living this champagne life and everything's okay  
Let's toast it up (Whoo)  
Baby, let's toast it up (Whoo)  
Champagne life

Uh, uh, hey, uh (Uh-huh)  
We don't even clap the same when we living that  
champagne life  
(Uh-huh) Sexier than a regular clap  
Oh, it's a party, reserved for top notch  
Let's bring it back

Oh, said it's all about them fast car nights and them big  
boat days  
Living this champagne life, everything's okay  
So let's toast it up (Whoo)  
And everybody, let's toast it up (Whoo)

Said 'cause we play all night and we play all day  
Living the champagne life, everything's okay  
Let's toast it up (Whoo)  
Baby, let's toast it up (Whoo)  
Champagne life
