Feel you all over
Feel you all over

Would be beyond understatement to
To simply say that I miss you
And the sky outside is blue
But my mind inside is too

Don't think about it
I only think about it
When (?) gets old

When the sun goes down
And the moon comes up
And the stars come out
I can feel you all over
(Feel you all over)
All over
(Feel you all over)

Every time I breathe
Air into my lungs
I can close my eyes
And feel you all over
(Feel you all over)
All over
(Feel you all over)

God never makes mistakes I know
So there's a reason you had to go
There's a reason for no more lies
I just wish I knew what it was

Don't think about it
I only think about it
When (?) gets old

When the sun goes down
And the moon comes up
And the stars come out
I can feel you all over
(Feel you all over)

All over
(Feel you all over)

Every time I breathe
Air into my lungs

I can close my eyes
And feel you all over
(Feel you all over)
All over
(Feel you all over)

And don't think about it, no
Suffer when the wind blows
Don't think about it
Suffer every time my heart goes

When the sun goes down
And the moon comes up
And the stars come out
I can feel you all over
(Feel you all over)
All over
(Feel you all over)

Every time I breathe
Air into my lungs
I can close my eyes
And feel you all over
(Feel you all over)
All over
(Feel you all over)

When the sun goes down
And the moon comes up
And the stars come out
I can feel you all over
(Feel you all over)
All over
(Feel you all over)
Feel you all over
Feel you all over

Every time I breathe
Air into my lungs
I can close my eyes
And feel you all over
Feel you all over
Feel you all over me
(Feel you all over)
