We up in this room (yea)
I'm here puttin it down on you (mmm)
Now your pushin back at me
and i dont want to let you leave
But baby girl You feel so good
Lil mama tha thing is so good
Girl the way that movin so good
I wanna do it again do it again (so good)

[Remy]

Stop actin crazy imma keep it real
See i just need some one that gives me somethin i
could feel
Have a little small talk and a nite on the town
It could all be yours if you go another round
Dont wanna loose you in it cuz the groove is in it
But it really don't matter long as you be in it
Boo what's gotten in to you
I told you i got a interview but you wanna get intimate
Why you tryna get in to it

[Ne-Yo]

Baby i know you got moves to make
But you aint leavin till i get another taste
I ain't ashamed to say you got a nigga open babe
And imma need some more before you get away
(ooooh)
We up in this room (Yea)

I'm pushin' back and got you callin out ma goverment

I'm really feelin this and i don't like to kiss but i really
like ya lips
See i'm tryna hold it but i can't control it
Ma mind is tellin me stop but my body it keeps going
You want me to stay but i wish i could
Another day but tell me why i should

[Ne-Yo]

So good you cant even keep your hands off
So good you feel you need to go and put ya mans on
You got ya black berry off and your phone vibrating
And all you wanna know is why ma legs keep shakin'
See we both grown and i know when the feel is right
And wat you sayin is makin me wanna spend the nite
And now i focused and im open cuz ya noticed me
And i was hoping you'd say can i take you home with
me

[Ne-Yo]
