think about it
you and me together
lovin each other
aimin at forever
think about it
you and me together
lovin each other babee

think about it
you and me together
lovin each other
aimin at forever
think about it
you and me together
lovin each other babee

now i don't wanna scare you
baby i just wana say
the little things you do for me
and the way
your workin twords my last name
i see you babe
said i see you babe

i can see my future in you
no other girl for me will do
cus i can see my future in you
got me lookin forward to forever
cus i can see

think about it
you and me together
lovin each other
aimin at forever
think about it
you and me together
lovin each other babee

think about it
you and me together
lovin each other
aimin at forever

think about it
you and me together
lovin each other babee

now i dont wana rush nothin baby just kno
when you say your ready to go we'll go
two kids, a dog, the house and all
tell me you see it babe

i can see my future in you
no other girl for me will do
cus i can see my future in you
got me lookin forward to forever
cus i can see

not tryna move to fast
but i just gotta ask
dont you see what i see for us girl
and is it too soon
to look at you
like i do
the way you make me feel is the stuff forever is made
of

i can see my future in you
no other girl for me will do
cus i can see my future in you
got me lookin forward to forever
cus i can see

think about it
you and me together
lovin each other
aimin at forever
think about it
you and me together
lovin each other babee

think about it
you and me together
lovin each other
aimin at forever
think about it
you and me together
lovin each other babee

think about it
you and me together
lovin each other
aimin at forever
think about it

you and me together
lovin each other babee
(untill fades)
