

Ne-Yo "Get In"

Energy is flowing from you
Uh uh
Says clear to me what you will not do mhm mhm

Don't even know my name, baby you're not
I don't know yours either, free by the star
It's the energy that makes it cool for us to take and
ambition away

Chorus:
Get in
Uh get in into each other
Uh just do what we feel and get in
Uh get into one another
Uh just do what we feel and get in

And the music loud and the lights are low
Everybody is floating
How you look at me is how i know exactly where
we're going
Don't wanna know your name, not yet and
No i won't tell you mine no no no
Let the energy say everything you need to say

Chorus:
Uh get in into each other
Uh just do what we feel and get in
Uh get into one another
Uh just do what we feel and get in

Uh get in into each other
Uh just do what we feel and get in
Uh get into one another
Uh just do what we feel and get in

I'm here on this walk here and now
We're so safe
Nothing, nothing bad can happen here
No way, i'm here on this walk, here and now
We're so safe
Nothing, nothing bad can happen here, no way

Chorus:

Uh get in into each other
Uh just do what we feel and get in
Uh get into one another
Uh just do what we feel and get in

Uh get in into each other
Uh just do what we feel and get in
Uh get into one another
Uh just do what we feel and get in

Iâ€™m here on this walk here and now
Weâ€™re so safe
Nothing, nothing bad can happen here
No way, get in!
