Like the flowers In her hair,  
Like the candles round the bed.  
Was she really here beside me,  
Or is this all in my head.

In the audience, I found her,  
Loving music, loving life,  
We caught eyes and that's when I knew,  
I'd be loving her tonight.

But as fast as I could turn around,  
She had vanished, she was gone.  
Was she real or did I dream her,  
As I lay here all alone,  
As I lay here all alone.

She knew had been looking for her, by the way she  
smiled at me.

We made love beneath the water,  
Passion shared under the stars.  
She said to me I think I love you,  
As I held her in my arms.

But as fast as I could turn around,  
She had vanished, she was gone.  
Was she real or did I dream her,  
As I lay here all alone,  
As I lay here all alone.

The next time I find her, I'll hold on tight (next time I  
find her)  
It's gonna be more than just one night (more than just  
one night)  
And if I discover that she's a dream, (she's a dream)  
I'll be damned if anybody wakes me.

Fast as I could turn around,  
She had vanished, she was gone.  
Was she real or did I dream her,  
As I lay here all alone,

As I lay here all alone.
