Somebody told me once, that pain is a game we all
gotta play,
But while am I in overtime â€¦every other day.
I know that for all the good in life it's a price we all
gotta pay,
But I paid till I poked and I still don't know what it is to
have a good day.
And everybody knows what it is that I need to do,
Well, do me a favor let me worry about me and you
worry about you!
I don't need no one to put me down,
I'm on the ground, can't â€¦
I don't need no one to hack around and makeâ€¦
Just makes me look older!
I don't need no one to block my eyes, and tell me lies..
