Oh, oh, oh~
Trust you, believe you
There's nobody for you but me (well)
You tell me daily
But I know not to believe (well)
Late night phone calls
When you thought that I was asleep
It's clever that you'd think you'd be (well)
Baby I know everything like (uh)
Even what you're thinking, ooh~
How the hell did she fright'n me out?
Very simple

Chorus:
Everything that you say
Everything that you do
I can stand and watch you
I got all that I need
Baby boy must believe
When I say I got you
?Cause I ain't never been a fool
So notice one thing is true
Said I got you

You say you work late
Baby in reality (well)
It's Stacey, cute girl, and it's been ?nough for about two
weeks

You don't know it
Stacey's part of my crew
Has a test up put her on you
Just to see what you would do
Hook like a single
You took the bait just like I thought you would
Very simple

Repeat chorus

You've been set up
You should get up and go get your thing
I'm fed up, so get up

Go get your thing, ooh~
You've been set up
You should get up and go get your thing
Ooh~ Go get your thing (2x)
?Cause I ain't never been a fool
So notice one thing is true
Said notice one thing is true
Said I got you

Repeat chorus
