## "Impossible"

She took a fall it was crucial  
Counted her out before they gave her a chance  
(To get up)  
The underdog, same as usual  
Everyones watching and the pressure, it just won't let  
up  
Tell me, I wantcha to, I wantcha to think that I  
(Drowning in myself)  
But baby no  
(Noo)  
After what I've been through  
Lesson learned, story told, I know that  
Nothing is impossible

Can't stop, won't stop, never gonna let it go  
See baby, now I know  
Nothing is impossible  
Can't stop, won't stop, never gonna let it go  
Takin' back my self control  
Nothing is impossible

Nothings Impossible  
Impossible  
Impossible  
Nothin' is impossible  
Nothings Impossible  
Impossible  
Impossible  
Nothin' is impossible

Difficulties, her position  
(What she gonna do makes, blown all outa context)  
Simple mistakes, crucifiction  
Everyones watchin' and the pressure, just what you'd  
expect  
Tell me, I wantcha too, I wantcha to think that I  
(Drowning in myself)  
But baby no  
(Noo)  
After what I've been through

Lesson learned, story told, I know that  
Nothing is impossible

Can't stop, won't stop, never gonna let it go  
See baby, now I know  
Nothing is impossible  
Can't stop, won't stop, never gonna let it go  
Takin' back my self control  
Nothing is impossible

Oooooaaaa  
Humans are bad I can be  
(Nobody's perfect, especially me)  
Oooo  
What you get is what you see  
(Not gonna let it, steal a thing from me)  
From me, from me, in perfect little me

Can't stop, won't stop, never gonna let it go  
See baby, now I know  
Nothing is impossible  
Can't stop, won't stop, never gonna let it go  
Takin' back my self control  
Nothing is impossible

Can't stop, won't stop, never gonna let it go  
See baby, now I know  
Nothing is impossible  
Can't stop, won't stop, never gonna let it go  
Takin' back my self control  
Nothing is impossible

Nothings Impossible  
Impossible  
Impossible  
Nothin' is impossible  
Nothings Impossible  
Impossible  
Impossible  
Nothin' is impossible
