to the right to the right  
get to steppin  
to the right to the right, to the right to the right  
thats where im goin in the middle of the night  
now in the closet, thats yo stuff but trick i bought it so  
bitch dont touch  
you talk alot of bullshit, alright  
but while you walk and talk imma get mine now  
its my name thats on your las  
your bald headed rat tryna get ridda that  
back up out my face fraud, im really not tryna talk to  
you  
talkin bout, im never gunna find a girl like you  
you must got me fucked up  
you must not know bout me, you must think im playing  
cuz i can have another you in a hour  
matter fact shes upstairs in the shower, babaaay  
you must not know bout me, you must think im playing  
i can find another you on the corner  
so dont you ever for a second get to thinkin you're  
irreplaceable  
trick gimme my phone so i can call my chick and see if  
shes home yeah  
oh shit i forgot shes already home  
what did you think, i was putting you out for...  
cuz you was unreal, kinna like the horse thats sitting on  
the back of your head  
baby fix them teeth, seeing your face is so old to me  
back up out my face fraud, im really not tryna talk to  
you  
tellin me im never findin a girl like you, but you got me  
so damn twisted  
you must not know bout me, you must think im playing  
  
cuz i can have another you in a minute  
matter fact she'll drive up in a minute babaaay  
you must not know bout me  
you must think im playing  
ill have another you in a hour  
so dont you ever for a second get to thinkin youre  
irreplaceable  
so since im not your everything, im not givin you

anything, nothing at all to you  
baby im not giving you nothing no way so go ahead  
and shed your tears  
cuz the truth of the matter is replacing you was done  
lastyear  
to the right to the right, to the right to the right  
to the right to the right, to the right to the right  
so dont you ever for a second get to thinkin, to get to  
thinkin, to get to thinkin youre irreplaceable  
you must not know bout me, you must think im playing  
(you must not know)  
i can have another you in a minute, matter fact she'll be  
here in a minute babaaay  
you must not know bout me, you must think im playing  
i can have another you in a hour, matter fact shes  
upstairs in the shower (oh oh ohy)  
you must not know bout me, you must think im playing  
(i) i can find another you baby, theres so many of you  
baby  
you must not know bout me, you must think im playing  
(gold diggin, two timin, backstabbin, im not lying,  
always needin, i need somethin, ya hoe)  
but the truth is you have always been replaceable  
please see yourself out this way.
