for some its easy  
to know exactly  
where u wana be

finding that someone  
and u and that someone  
livin happily

i found that in you  
or i thought i did  
but baby lately

less than temptaations  
been tryna  
get the best of me

am i in love  
with you and no one else  
im jus not sure babe

or am i just  
afraid of missin out  
i jus dont kno

is it not the right time  
for u and me  
and if its not when will be

just cant make up my mind  
do i wana play  
or love u exclusively

thats just my problem  
i want u but i jus cant decide babe  
thats just my problem  
i love u but i need to figure this out babe  
thats just my problem  
said i wana be true to u  
thats just my problem  
i guess ill get it right one day

when we're alone everythings cool

cant think of no one that id rather be with  
than u

but baby when i take u out  
and get to lookin round  
i start havin doubts

id rather break it off  
than do u wrong  
id rather let u go  
than string u along babe

n every time i think i kno whut i want  
baby i look in ur eyes  
n its the same old song

am i in love  
with you and no one else  
im jus dont kno

or am i just  
afraid of missin out  
im really not sure

is it not the right time  
for u and me  
and if its not when will be

just cant make up my mind  
do i wana play  
or love u exclusively

thats just my problem  
i want u but i jus cant decide babe  
thats just my problem  
i love u but i need to figure this out babe  
thats just my problem  
said i wana be true to u  
thats just my problem  
i guess ill get it right one day

i cant do this to u  
its drivin u insane babe  
i cant have ya  
waitin on me

said its not fair babe  
said i jus need some time to figure out  
where it is  
that i want to bee

whoaaaa

thats just my problem  
i want u but i jus cant decide babe  
thats just my problem  
i love u but i need to figure this out babe  
thats just my problem  
said i wana be true to u  
thats just my problem  
i guess ill get it right one day

u kno i want u but i cant  
i cant  
said i need to figure this out baby  
i wana be wit u  
but im not sure  
if i can be whut u want me to be baby

i jus need a little time babe  
just a little bit of time baby  
pleeease jus give me this time  
n i swear that ill bee  
exactly whut u need babe
