[Refrain]

Baby they mad cause we play how they wanna play
And they mad cause I say what they wanna say
Baby they mad cause we do what they wanna do
If I was them I would be mad too
So let them be mad, whoa
They can be mad as they want to
Girl let them be mad
Go ahead let them be mad
So we gonna keep moving how we move
So let them be mad

Blog sites, media talking
I wonder why they telling me to be cautious
Filling the blanks while the drama is pouring
I don't pay attention, I don't really read it too often
Got niggas hating on me for years I holds it down
Talking bout the women I'm fucking and the money I
spend
Why they tripping? already knowing that I'm destined
to win
Use it to motivate the grind and they at it again
Damn, they mad at me, sneak... and throwing a little
jab at me
See me and be mad happy
Half filled wine glasses as the time passes
Cooler breeze, eye cashing with the fine accent
Still on my shit though, remember when I was piss
posed
So now I'm surrounded by powerful niggas that get
dough
Huh, I prolly got your girlfriend wanting to get low
Infatuated by all the haters, I need to get more

[Refrain]

We get the jealousy and envy
Cause she can never be you
And he can never be me
And she mad at him cause he can never be me
And she mad at you because you better than she

They hit the blogsites to see the highlights
How lighter they life, talking bout our life
We doing things haters can only dream
This kinda be messing with they up esteem you know

Do me a favor, keep your nose up out my situation
Besides your angering mind, your time is what you
wasting
Been through bs in life, can show a demonstration
But built my shit from the ground up, renovation
The past lurking, I see they hurting I stall them out
You where you at for a reason, nothing to talk about
The roads to success been a lot of ups and downs
Doing you up, they merry goes, they come around
