Uh
Hmmm hmmm
Hmmm hmmm
Hmmm
It's so creative
Yea

[Verse1]

Now i don't wanna jump da gun or
Misunderstand anyone
But i think maybe you have been feeling something
lately (well)
I know we got an understanding
U aint my girl,\ i aint your man
But i think maybe you have been feeling this thing
changing (yea)

[Pre-Chrous]

Feelings i got for u
Cut and dry it's da truth but you want something new,
baby(baby)
We got a simple thing
But it's about to change
Or will it stay the same maybe(maybe)
No matter what the road i've passed
Still has a load of loves and lust and not much trust
But are you saying this can't be us
Let me get this right

[Chrous]

Girl u want us to be official make this thing foreal (hey)
U foreal?
Baby let me know
Let me get this right
U wanna make me the happiest man in da world
Is that the deal (yea)
Girl foreal
Baby please be sure
Let me get this right

[Verse 2]

I know i heard u

But come again please
It's what i want
Exactly what i need
Hard to believe
That we're both on the same page
Hmm threw away my black book
Think i'm jumping that look
U took long enough to come into my life (hey)
Are u feeling what i feel girl yeah yea
