if you like it i love it baby  
its all for you again  
nobody else drive me crazy  
the way you do so keep

moving the way you move  
doing the things you do  
to keep me coming right back to you

and baby i like it i like it i like it  
and baby i love it i love it i love it

So baby keep  
moving the way you move  
doing the things you do  
to keep me coming right back to you

love drops lollipop  
i can be your candy girl  
gysie roll let me be the centre of your tasty treat  
do sweet, sweet tooth baby im to good for you  
come get a peice of me, (me)

boy you already no what im all about  
when i hit that floor its about to go down  
i get right to it  
dont waste no time to do what i do  
im not good and i can prove it by the way that i move

if you like it i love it baby  
its all for you again  
nobody else drive me crazy  
the way you do so keep

moving the way you move  
doing the things you do  
to keep me coming right back to you

and baby i like it i like it i like it  
and baby i love it i love it i love it

So baby keep

moving the way you move  
doing the things you do  
to keep me coming right back to you

hear it out lets hit the floor  
better keep up with me  
youve got something body jumping its my ringtone  
hold up stop not jump back with it  
boy keep it moving  
like what i see  
heart just skips a beat

boy you already no what im all about  
when i hit that floor its about to go down  
i get right to it  
dont waste no time to do what i do  
im not good and i can prove it by the way that i move

if you like it i love it baby  
its all for you again  
nobody else drive me crazy  
the way you do so keep

moving the way you move  
doing the things you do  
to keep me coming right back to you

and baby i like it i like it i like it  
and baby i love it i love it i love it

So baby keep  
moving the way you move  
doing the things you do  
to keep me coming right back to you
