Talk about it, talk about it  
Only if you be about it  
We don't do, no wasting of time  
Come and get it, come and get it,  
If you bump that life, then leave it  
Best believe that I'm getting mine  
Because I work too hard to drive any other car than the  
one I wanna drive  
Oh yeah  
I work way too hard not to walk in like a star  
Turn it up and get alive

Chorus:  
Got to live it up,  
Got to live it up  
Got to live it up  
You only get one life  
Got to live it up,  
Got to live it up  
Got to live it up  
So live it up tonight  
Got to live it up,  
Got to live it up  
Got to live it up  
You only get one life  
Got to live it up,  
Got to live it up  
Got to live it up  
So live it up tonight

What you gonna do about it?  
Club will soon be letting out and  
And you inside will watch away, yeah  
Umm, if you gon' do it, do it now,  
You get one more chance about it  
No one wants to live with regrets?  
Cause life is way too short to not do it like a sport  
Play hard until you win  
Oh yeah  
So I don't know about you, but what I'm gonna do  
Live it up and keep it moving

Chorus:  
Got to live it up,  
Got to live it up  
Got to live it up  
You only get one life  
Got to live it up,  
Got to live it up  
Got to live it up  
So live it up tonight  
Got to live it up,  
Got to live it up  
Got to live it uW  
You only get one life  
Got to live it up,  
Got to live it up  
Got to live it up  
Oh yeah
