Ooh, uh, ooh  
Ooh, uh, ooh  
Yeh, yeh  
You understand me  
At least you say you do  
Lately  
That's enough for me  
Looking for perfect  
Surrounded by artificial  
You're the closest thing  
To real I've seen  
Sure  
Everyone  
Has their problems  
That's a given  
Yours are  
The easiest to tolerate  
This wasn't  
What we was wanting  
How we're living  
But let's take  
This good enough  
And turn it to great  
Baby understand

This can only be  
As good  
As we both make it  
Guess sometimes  
It's gonna hurt  
(Yes sometimes  
It's gonna hurt)  
We can be as happy  
As we want to be girl  
But we gotta make it work  
We gotta make it work

Ay, oh, ay, oh, oh  
We gotta make it work  
Ay, oh, ay, oh, oh  
We gotta make it work  
Ay, oh, ay, oh, oh

We gotta make it work  
Ay, oh, ay, oh, oh

Sometimes I love you  
More  
Than you'll ever know  
Other times  
You get on my nerves  
(Hey)  
That's just reality  
No, it can't always be  
Kisses, hugs  
And beautiful words

You was looking  
For your prince, ooh  
What you found  
(Wat u found)

Is a pauper  
With potential  
And no  
I'm nowhere  
Near perfect, no  
But I'm around  
(But I'm around)  
Girl  
Time and patience  
Is essential  
Baby realize

This can only be  
As good  
As we both make it  
Guess sometimes  
It's gonna hurt  
(Guess sometimes  
It's gonna hurt)  
We can be as happy  
As we want to be girl  
But we gotta make it work  
We gotta make it work

Ay, oh, ay, oh, oh  
We gotta make it work  
Ay, oh, ay, oh, oh  
We gotta make it work  
Ay, oh, ay, oh, oh  
We gotta make it work  
Ay, oh, ay, oh, oh

Thick and thin  
(Ooh)  
The bad outweighs  
The good sometimes  
That doesn't mean  
We're 'spose  
To give it up  
My problems are yours  
And yours are mine

This can only be  
As good  
As we both make it  
Guess sometimes  
It's gonna hurt  
(Guess sometimes  
It's gonna hurt)  
We can be as happy  
As we want to be girl  
But we gotta make it work  
We gotta make it work

Ay, oh, ay, oh, oh  
We gotta make it work  
Ay, oh, ay, oh, oh  
We gotta make it work  
Ay, oh, ay, oh, oh  
We gotta make it work  
Ay, oh, ay, oh, oh
