Mmm uh yeah yeah  
yeah yeah yeah yeah  
uh mmm

Wanna make you say  
oh oh oh oh  
oh oh oh (2x)

I don't know no magic tricks (oh no)  
No baby that ain't me  
But i always know the spot to hit, (oh yeah)  
that i can guarantee  
Ima make you scream my name (maybe)  
Holla "ooh baby"  
Have you walkin' round feelin like a new lady  
But i don't need ninety-nine positions  
To give you what i know you' been missin baby

'Stead of trying to impress,  
imma make you feel good  
'Stead of trying to prove that im the best  
i'll just make you feel good  
feel good baby  
Let them young boys toss you all ova the room  
Ima keep it down, make it nice and smooth  
Baby no extra, no stress,  
I'll just make you feel good  
yeah yeah yeah
