Ladies and gentleman  
We are officially larger than life  
The stage is set  
The lights are on  
And this is where the magic happens  
So without further a do  
Our feature presentation

[Verse 1]

I think I need a moment with you  
Said no need to audition  
You're beautiful  
So tell me what you're drinking  
Baby let me know  
You don't gotta pay for another one of those tonight  
Baby I'm something like a big deal  
Somebody you're pleased to know

[Pre-Chorus]

And you should get to know me  
Flyest in the room without trying to be  
Dressed to the nice  
Swag genuine  
So special  
So rare  
Never hard to find  
You setting it off  
Know I'm kinda cocky  
But smiling I'm the boss  
I mean it ain't just talk  
I'm a winner  
So I ain't never lost

[Chorus]

So come here girl  
We're making a movie  
So come and be my little lady girl  
Tell me what you're drinking  
Baby let me know

You ain't gotta pay for another one of those  
We're making a movie  
And the director is me  
So when I yell cut we gonna leave

[Verse 2]

I think I need a love scene with you  
So come and be my little lady girl  
See me and you tonight would be beautiful  
Talk about it later

Got more bottles coming out tonight  
See it's all about presentation
