Remember you,
I will miss your company [x3]

Verse 1:

She'd wake up with her son in the morning
Brighten up her room with a smile
Make a man feel like a king
Wife to a husband, mother to her child
Prototype for the real woman
What every woman wish they could be
Why wouldn't God want you for himself
That must be why he took you from me
but I always ...

Remember you, [i remember you]
I will miss your company. [miss your company]
I will always,
Remember you, [always remember you]
I will miss your company, [miss your company]

Verse 2:

Could go on forever about the
Things i miss about you the most
But it wouldn't make any difference
Ain't no sitting back cause it wont bring you back
But of everything that I will miss
Like how you used to smile at me

Even more then making love, gonna miss you,
Having you around, your company
And I always ...

Remember you, [always remember you]
I will miss your company. [miss your company]
And I will always,
Remember you, [always remember you]
I will miss your company. [miss your company]

I miss you,
Said I miss you, girl.

I miss you.
Loving you tenderly
Taking good care of me
One more importantly
Just your company.

Remember you, [always remember you]
I will miss your company [miss your company]
I will always,
Remember you [always remember you]
I will miss your company [miss your company]

Always miss...
