Well I wear my clothes like this because I can
and I wear my hair like this because I can
and I walk around like this because I can
and I do my thing like this because it's who I am

Pre Chorus:

And if you're respecting me to give you an apology
be nothing that you used to, used to
go round on the head away
hold your breath and concentrate
keep hold your face until you turn to, turn to

Chorus:

My road it ain't your road I trust I know
and I know just where I'm going, hey
and my flow it ain't your flow
but trust I know
I know just how I'm flowing
and I'ma do my thing
I'ma do my, I'ma do my thing
please feel to ehar it from .. complaining
but I'ma do my thing
I'ma do my thing
say whatever you want
but this will ain't gonna change
I'ma do my thing
keep doing what you do and I'ma do my thing

Hey I came with my clothes are you because I'm not
i can't do my hair like because I'm not
I can't walk around like you because I'm not
I can't do my hair like you because I'm high

Pre Chorus:

And if you're respecting me to give you an apology
be nothing that you used to, used to
go round on the head away

You don't know where I'm going
and so you think I'm lost
I ain't on your page okay
so that means I'm off
when I'm ..to the beat of the drum
..and the problem must be you and me
and regular but not ..element
..wherever not cool
