Alright shouts for J shout to kanye, cant wait for that...
Ladies and gentleman this is your friendly
neighborhood Neyo
Now listen, i don't normally do this, I am not a rapper.
But fuck it this is a mix-tape, so here's what we're
gonna do
We're gonna have a little fun we're gonna talk a little
shit
we're gonna spend a little money, we gonna spend a
lot of money
see we can't spend a little cause i don't got a little
money i got a lot of money
so we got to spend a lot of money.
Talking fast but listening slow one of the two is
happening
So fuck it lets go.

I don't have swag, they are yet to invent a word for
what I have
Every time you see me I look like a money bag
Ne-yo good money everybody else money bad,
Wait, what you mean money bad
Bet your money on them and you'll never get it back
Bet your money on the kid I guarantee that,
When you'll get it back, you gonna need a bigger bag
I got a lot of money, no denying that
But it ain't in my gentleman nature to brag
So just for a second I'ma take the fedora off

And put on an NY Fitted Caps,
And turn it to the back
To say a few thangs might make a hater mad,
See, everybody talk dough,
But when Ne-Yo talk dough, Ne-Yo talk about dough
that really have
Multiple accounts, multiple amounts, multi million
dollars
From the multiple hits I have
Count them
A Porsche Cayenne ... for my lady
And for me a Porsche Panaerma Black
A white SLS gold wing benz with the doors that come up

like wings on there
So when I come through set whatever you driving on
fire nigger
Hit the ... call a cab
You got by a chain money, you got by a fast food chain
you know sonny?
What you know about that ...
... ran out of oxygen
Call the waitress, we got 30 models shooting Malibu
red and we ran out of shots again
I'm a bully on this beat, beating on my competition go
rocks again
Squeeze the trigger till the clip gonna stop another one
in
And keep shooting, ran out of shots again
Ok, I got carried away, I thought it was a ... minutes,
hahaha
Ladies and gentlemen, as I catch my breath, welcome
to the mix-tape.
