Style of your hair  
Shape of your eyes and your nose  
The way you stare...  
As if you see, right through to my soul

It's your left hand and the way  
That it's not quite as big as your right  
The way you stand in the mirror...  
Before we go out at night  
Our quiet time... your beautiful mind...

They're a part of the list  
Things that I miss...  
Things like your, funny little laugh  
And the way you smile or the way we kiss  
What I noticed is this...  
I come up with  
Something new, every single time  
That I sit and reminisce

The way your sweet smell  
Lingers when you leave the room (you leave the room)  
Stories you tell as we lay  
In bed all afternoon (all afternoon)

I dreamed you now every night  
In my mind is where we meet (in my mind is where we meet)  
And when I'm awake  
Staring at pictures of you asleep

Touching your face... invading your space

They're a part of the list  
Things that I miss...  
Things like your, funny little laugh  
And the way you smile or the way we kiss  
What I noticed is this...  
I come up with  
Something new, every single time  
That I sit and reminisce

Oh, and you'll live in my  
Memories, forever more I swear  
And you'll live in my...  
Memories, forever more I swear

They're a part of the list  
Things that I miss...  
Things like your, funny little laugh  
And the way you smile or the way we kiss  
What I noticed is this...  
I come up with  
Something new, every single time  
That I sit and reminisce
