The art of voyeurism

I like to watch

Tell me if it hurts when I push
Tell me do you easily bruise?
Tell me do you mind if they look?
Watch me as I'm punishing you

Pleasure at the palm of my hand
Ecstasy I know how you'll shoo
Do you mind if this time we stand?
They'll see us better if we do

Let's put on a show
Featuring you and me
Let's put on a show
Let's get some publicity
Let's put on a show
I don't give a damn who sees
Let's put on a show
And get some publicity(publicity)

Sexy is the sun on your back
Sweating makes you shine beautifully
Only way to experience that
Is outside where somebody might see

I dare you to take off your clothes
I dare you to lay on the floor

They're gonna watch regardless you know
Let's give them something to watch for

Let's put on a show
Featuring you and me
Let's put on a show
Let's get some publicity
Let's put on a show
I don't give a damn who sees
Let's put on a show
And get some publicity(publicity)

Lalalalala...

Let's put on a show
