Ahh  
Hmm  
Feel so good,  
Woohoowhoowhoow baby  
Yeahh  
Woohoowhoowwoow yeahh  
Ahh  
Let me explain what's goin on..

You've been ever so strict baby,  
Talking bout don't even think of it,  
I can't even touch it,  
Baby be patient I'mma give it to you when you can  
prove,  
Prove that you're worthy, (well)  
Well, And I aint gave you no drama,  
Went and met your mamma and your daddy,  
Let them tell me that I didn't deserve you.  
Well baby since I've been so damn good,  
You're telling me tonight is the night,  
Said I can have it just however I want it,  
That you gon lay back and just let me get on it,  
Oehh  
Oeh well baby I'm about to break the world,  
And my headboard,  
Caus I've been patiently waiting girl to ride and get  
hold on,  
Hope that you can handle what's about to go on babe.

Baby it's bout to go down,  
Im about to,  
Set it off up in here now,  
Really hope you can handle what I'm bout to give you  
baby.  
Girl if you just lay down,  
Baby it's bout to go down,  
I'm about to,  
Set it off up in here now,  
Really hope you can handle what I'm bout to give you  
baby.

[Set If Off Lyrics On ]

Baby I'm not tryin to scare you,  
Don't think that Im crazy,  
But it's been three months, two weeks, maybe five  
days,  
Damn  
I'm about to give you the business,  
Giving you all of me,  
Baby take you beg me to stop,  
But I keep going,  
Girl you ain't knowing,  
You really ain't knowing,  
We about to wake up all the neighbors for sure.

Baby it's bout to go down,  
I'm about to,  
Set it off up in here now,  
Really hope you can handle what I'm bout to give you  
baby,  
Girl if you just lay down,  
Baby it's bout to go down,  
Said I'm about to,  
Set it off up in here now,  
Really hope you can handle what I'm bout to give you  
baby.

Been on my best behavior,  
Time for you to give me my reward,  
Come on baby let me get on board,  
It's plain to extacy,  
I know it's gonna be worth the wait,  
Give me a taste,  
Baby I've got something to show you,  
Sexually I wanna get to know you,  
Just baby give it to me baby.

Yeah yeah

Baby it's bout to go down,  
Said I'm about to,  
Set it off up in here now,  
Really hope you can handle what I'm bout to give you  
baby.  
Girl lay down,  
Baby it's bout to go down,  
Set it off up in here now,  
Really hope you can handle what I'm bout to give you  
baby.

Baby it's bout to go down,

Set it off up in here now,  
Really hope you can handle what I'm bout to give you  
baby.  
Girl if you just lay down,  
Baby it's bout to go down,  
Set it off up in here now,  
Really hope you can handle what I'm bout to give you  
baby.

Baby baby baby set it off up in her now, now, now...
