Mmmmmmmmmmm

Feel so good

Ooooooo, baby

Ooooooo, yeah

Oooooooo

Ooooooo, yeah

You've been ever

So strict baby,

Talking bout

Don't even think of it,

I can't even touch it,

Baby be patient

Imma give it to you

When you can prove,

Prove yourself worthy

(Well)

Well

And I ain't gave you no drama,

Went and met your mamma

And your daddy,

Let them tell me

That I didn't deserve you,

Well baby

Since I've been so damn good,

You're telling me

Tonight's the night,

Said I can have it

Just however I want it,

That you gon' lay back

And just let me get on it,

Well baby

I'm about to break the world,

And my headboard,

Cuz I've been patiently waiting

Just to ride and get on ya

Hope that you can handle

What's about to go on babe

Baby it's bout to go down

I'm about to,

Set it off up in here now

Really hope you can handle  
What I'm bout to give you baby  
Girl if you just lay down  
Baby it's bout to go down  
I'm about to,  
Set it off up in here now  
Really hope you can handle  
What I'm bout to give you baby

Baby I'm not trying to scare you,  
Don't think that I'm crazy  
But it's been three months  
Two weeks, maybe five days  
I'm about to give you the business,  
Giving you all of me  
Take it all and baby you stop,  
But I keep going,  
Girl you ain't knowing  
We about to wake up  
All the neighbors for sho

Baby it's bout to go down,  
I'm about to,  
Set it off up in here now,  
Really hope you can handle  
What I'm bout to give you baby,  
Girl if you just lay down  
Baby it's bout to go down,  
I'm about to,  
Set it off up in here now  
Really hope you can handle  
What I'm bout to give you baby,

Been on my best behavior,  
Time for you to give me my reward,  
Come on baby let me get on board,  
It's plain for us to see,  
I know it's gonna be worth the wait,  
Give me a taste,  
Baby I've got something to show you,  
Sexually I wanna get to know you,  
Just baby just give it to me baby,

Baby it's bout to go down,  
I'm about to,  
Set it off up in here now,  
Really hope you can handle  
What I'm bout to give you baby,  
Girl if you just lay down,  
Baby it's bout to go down,  
I'm about to,

Set it off up in here now,  
Really hope you can handle  
What I'm bout to give you baby
