She fresh up out the shower
'Bout to go to bed
She been calling her man for hours
And he ain't picking up his phone
And soon the other night she's all alone
She wished she had someone to put it on
But she don't so she gon' let me put her rivers on
She rubbing lotion on her body
Pretending that her hands are mine
Touching herself how she want me to touch her
I'm not a star in her mind I'm her lover

She close her eyes
She can't stop it no
She hypnotised
My music playing in the background
She's almost there yeah yeah yeah
She turns it up
She lets my voice get her there
She use me as part of her masturbation

She hear my song and she can't stop her legs from
shaking
Woah woah ah ah yeah yeah

She pictures herself naked
On her knees I'm behind her
Ooh and she can barely take it
Specially when I go deep
So deep
For a minute she swear I'm there and she can feel me
Feel me
She opens up her eyes
Gotta start to get rubbing lotion on her body
Touching herself how she want me to touch her
I'm not a star in her mind I'm her lover

She close her eyes
She can't stop it no
She hypnotised
My music playing in the background
She's almost there yeah yeah yeah

She turns it up
She lets my voice get her there
She use me as part of her masturbation

Hear my song and her legs just won't stop shaking
Yeah yeah
