Visit "[Start A Fire](#)" on [MotoLyrics.com](http://MotoLyrics.com)

come lay down with me tonight  
we can start a fire here and  
i'll be wrong and you'll be right  
we can start a fire here

and watch you climb these walls (walls)  
our bodies create the flames and  
loves blaze conquers all (all)  
close your eyes and take me as i sing

come lay down with me tonight  
we can start a fire here and  
i'll be wrong and you'll be right  
we can start a fire here

tonight x 4

watch the flames just stay  
when i kiss you sparks light up this night  
girl take my hand  
squeeze it as i enter you singing

come lay down with me tonight  
we can start a fire here and  
i'll be wrong and you'll be right

we can start a fire here

tonight x 4

your body  
my body  
together

so we'll start a fire here tonight

your body  
my body  
together

so we'll start a fire here tonight

come lay down with me tonight  
we can start a fire here and  
i'll be wrong and you'll be right  
we can start a fire here

tonight
