### Verse 1

Now ive been known to sweat out a good weave or two  
in my time  
A multiple amount of head boards cracked in half put a  
hurting on many of dimes  
Ive scarred up lots of knees with carpet burn hot candle

Blind folds and handcuffs my regular MO for sure i be  
a full time freak with mine

### Pre-Chorus

Sugar i dont have a problem with given u a little  
demonstration right quick  
Lay back let me start it off with a kiss to the lips in  
between your hips  
Follow me now straight to the bed oh no truthfully i like  
it on the kitchen floor  
Is you ready babe  
Slow song keep your thong on slide it to the side and  
signal me home girl

Get ready babe cuz im gonna tear you down,  
Wanna hear you scream my name til the neighbors  
hear the sound  
Talking bout sex so good i guarentee you wont wanna
